MERRY CHRISTMAS and HAPPY NEW YEAR TO YOU ALL

Its that time of year again when we all tend to sit and wonder just where the last 12 months have gone ! I must say that the older I get the more time seems to fly by.

We are all looking forward to January when we will launch our lessons by post service.

For those who have now had 12 lessons and have resigned then you will receive your first posted dvd around mid January. Everyone else will continue to receive their lessons as usual up until month 12.

We would all like to take this opportunity to wish all of our members and customers a Happy Christmas and a peaceful New Year.

I personally have the delights of a house move to look forward to at the end of January and so we are already busy filling boxes ! I also hope to be moving Keyplay in new office premises but more about that later.

My other exciting news is that Keyplay4u now stocks the great new Orla KX10 keyboard and I will feature a full review of this great new keyboard in the next issue and for postal members they will get to see the product in the form of a demo on the DVD.

Although priced at £599 this amazing product features the same sound board as the original GT9000 organ and really does make a stunning sound. Great for taking to the Organ Club for members evenings or round to friends or even in the caravan. The easy set up midi bass pedal option is also a great plus to the organ players amongst you.

A demo DVD and brochure is available from us by request.
